

## Why It Hurts

Coroner

Lonely it spreads its wings  
Eager to wake my fire  
Slowly circling over me  
Burning with deep desire

I don't know why it hurts  
What the hell is it all about

When I lie awake at night  
I feel it all 'round me  
Winding like the snake of old  
It's foul breath all about me

I don't know why it hurts  
What the hell is it all about

It fills my head with words  
But when I want to speak  
I don't know what to say

I feel like shattered glass  
Is cutting at my very heart  
I long for it with every nerve  
It's tearing me apart

I don't know why it is  
What the hell is it all about
