# Burn

**Corroded**

Even though I know [?]
My wings will burn

Is not even close to being alone

My will, my wish
And everything else can burn
My will, my wish
And everything else can burn
My wants my needs
And everything else can burn

I, I gotta get it on
I gotta get it on
I gotta [?]
I gotta get it on
I gotta get it on
I gotta get it on
I gotta [?]
And everything else can burn

So you say I'm a tick
Just 'cause I know one day the rock will stay on top
[?] even though I know if I own them all my cross will fade

My will, my wish
And everything else can burn
My wants my needs
And everything else can burn

I, I gotta get it on
I gotta get it on
I gotta [?]
I gotta get it on
I gotta get it on
I gotta get it on
I gotta [?]
And everything else can burn

I, I gotta get it on
I gotta get it on
I gotta get it on
And I have no soul

[?] and no one else

And everything else can burn
