

Nothing Left to Say

Corrosion of Conformity

Life gave you everything
And you threw it all away
Through the heart of the darkness
Never feels the same
Huh, it never feels the same

Living like a fool, nothing gets nothing
And I got nowhere to hide
Searching for the truth has to mean something
I'm just pushing against the tide
Nothing left to say
Nothing left to say

Memories, they seem like dreams
And time's a gift of tears
Just a map to remember this
A future never planned
It's what we cannot understand

Running like a fool, distant existence

You're living hand to hand
Isolated man, hard to understand
Nowhere else to hide

Long for the feeling
Stand alone and pray
Nothing left to say

Living like a fool, nothing gets nothing
But I got nowhere to hide
Searching for the truth has to mean something
I'm just pushing against the tide

Long for the feeling
Life unjustified
Nowhere else to hide
Ain't nowhere else, nowhere else

Stand alone and pray
You got nothing left to say
