

## The Hanged Man

### Corrosion of Conformity

Oh I put in my time, oh not believing your lines  
Oh believe it all works out, hope it all works out in time  
I've seen the numbers of the day, it looks like time has up and  
flown away  
I've seen the golden ones stumble and fall, looks like the shine  
is off them all

You know the night's so strong, dragged in the dawn  
Some fools are drawn, fascination, some fools are drawn to the  
dark ones  
I've seen the numbers of the day, it looks like time has up and  
flown away  
I've seen the golden ones stumble and fall, looks like the shine  
is off them all

You know the night's so strong, dragged in the dawn  
Some fools are drawn, vibration, some fools are drawn to the da  
rk ones  
So crawl eclipsed, all things run their course, shadow of self  
gaze up at the water mark
