

Only Takes a Moment

Cory Asbury

And your love shines in darkest places, reaching for my heart
In Your light I find the pieces, every missing part
And hope is found in hopeless places, everywhere You are
Take my hand and lead me forward, forward to the start

'Cause I need You, I need You
It only takes a moment
For You to fix what's broken in me
I need You

If You can give the blind man vision, then open up my eyes
Lead me out beyond my questions, where faith will be my sight
If You can heal the weak and wounded, You can heal my heart
Take my hand and lead me forward, forward to the start

I need You, I need You
It only takes a moment
For You to fix what's broken in me
I need You

You've been there from the beginning, You have walked this road
Call my name and I'll keep running, 'til I'm finally home

I need You, I need You
I need You, I need You
It only takes a moment
For You to fix what's broken
It only takes a moment
For You to fix what's broken in me
And I need You
