

## Go Slow

Cory Gunz

She be like 'you go too fast'  
Well, look, first you gonna let me in  
Then you gonna let me chill,  
Then I'm gonna let you drink  
Then you gonna let me smoke,  
Then you gonna let me lick  
Then I'm a let you touch, I'm a let you suck  
Then give me that face like I let you  
Let's go slow, 1800, GT, haze, Diesel Laquisha tree  
That's some mean piece of me  
Got them angels a piece of me, MTM brag breezer me  
Quiet right here, yeah, peace with me  
YMCMB's in me, please believe it's like that for real  
Tunечи gun in a bat mobile,  
You girl told Gun you ain't half as real  
You ain't smack for real and when you trap, straight act for real

She beeping, I'm creeping, I'm deep in it, I'm steep in it  
I sleep in it, it's tears of joy when I'm eating it, I feast in it  
Go slow, go slow,  
She like 'go slow', go slow,  
She said 'go slow'  
So I'm a go slow,  
She like 'go slow',  
Then I go slow

Girl, answer me this, you do it like this, teeth from the back,  
From the side to the front to the right two more times do it like thi  
s when you on the back  
Ice on you like me, you lick honey on me, strippers or whatever that  
you like me  
He could play but could he make you at any given time of day like me  
Spontaneous sex keep the relationship fresh  
Girl to show up, what place to hit next  
I like tickling her waist line, no phone game, face time  
Nigga moan, yeah, base line, hard off, start taste wine  
We don't stop, we take time, take yours off, take mine  
Open your up, put mine in, just like that, we in our hearts, no time  
at  
I'm right here, same spot, when you come back at midnight  
You playing games till I really go, well I don't want that, fuck yeah  
, I'm out  
Your tracks are treasure, whatever don't last, no pressure  
Leave here, crash somewhere better

She beeping, I'm creeping, I'm deep in it, I'm steep in it  
I sleep in it, it's tears of joy when I'm eating it, I feast in it  
Go slow, go slow,  
She like 'go slow', go slow,  
She said 'go slow'  
So I'm a go slow,  
She like 'go slow',

Then I go slow
