

# Friends Do

Cory Lee

Lookin back on yesterdays  
Thinkin bout the storms that we've been threw (alright)  
The boys we loved, the boys we left  
These are things good girls arent s'ppose to do

Gonna be together  
Any kind of weather  
Don't need to pretend (don't need to pretend)  
I say no, no, no

My girls are there for me  
Never need to worry  
I'm not in my own, my ends  
And you I can depend

That's what friends do  
We can chill and just unwind  
That's what friends do  
You can call me anytime

Someone who knows you (alright)  
So well they read your mind  
That's what friends do (ohh)  
That's what friends do (hey)

I know that I got my friends  
When blue skys are fading in to black (come on)  
And I don't need to front with them  
Cause I know they've always got my back (ooh alright)

Gonna be together  
Any kind of weather  
Don't need to pretend (don't need to pretend)  
I say no, no, no

My girls are there for me  
Never need to worry  
I'm not in my own, my ends  
And you I can depend

That's what friends do  
We can chill and just unwind  
That's what friends do  
You can call me anytime

Someone who knows you (alright)  
So well they read your mind  
That's what friends do (friends do)  
That's what friends do

Callin me (just callin me)  
Callin me (when you need a friend)  
Callin me (hey)  
Callin me (ohh)

Callin me (you can count on me)  
Callin me (ohh anytime, any place, any where)

Callin me  
I'll be there

We can chill and just unwind (that's what friends do)  
You can call me anytime (someone who knows you, alright)  
So well they read your mind (that's what friends do)  
That's what friends do (friends do)

That's what friends do  
That's what friends do (callin me)  
We can chill and just unwind (that's what friends do, callin me)  
You can call me anytime (someone who knows you, callin me, alright)  
So well they read your mind (that's what friends do, callin me)  
That's what friends do (friends do, callin me)
