

# Ghost Of Mine

Cory Lee

Go to bed  
Fall asleep  
Another day  
Another dream got me

Turn around  
Walk away  
Following me like yesterday  
Taunting me

Pulling me  
Pushing me  
Constantly dragging me down  
Over my shoulder  
A shadow that's shaking me

Ghost of mine  
Hanging around forever  
You're such bad weather  
You have your time  
Making my heart feel heavy  
Enough already so go

Yeah

Wake up  
Start again  
Try to fix the probs and  
It's got me

Carry on  
Fall apart  
Tell myself this has to stop  
Holdin me

Over and over the road will keep winding around (oh oh oh oh)  
Up from the ashes you can't keep on breaking me

Ghost of mine  
Hanging around forever  
You're such bad weather  
You have your time  
Making my heart feel heavy  
Enough already so

Ghost of mine  
Hanging around forever  
You're such bad weather

Letting you go now  
I'm not gonna go down  
Been taking up my time  
Waitin on mine mine mine mine  
I thought this died oh

Oh oh (oooah) oh oh  
Oh oh oh oh

Ghost of mine  
Hanging around forever  
You're such bad weather  
You have your time  
Making my heart feel heavy  
Enough already so

Ghost of mine  
Hanging around forever  
You're such bad weather  
You have your time  
Making my heart feel heavy  
Enough already so go
