Mofo

Cory Lee

You said you would help me out
Get me through the door
Your promisses
Then you went and switched your sh! t up
Even let you in my house
Thought you were my friend
Now back right up
I'm here to tell you one thing

You said I wouldn't succeed
You burned your bridge with me
And now you've gone greedy
I went top ten b! tch hate on me

I'm surrounded by mofos
People harassing me for my dough
I'm surrounded by mofos
Don't be followin' me where I go

I'm surrounded by mofos
People harassing me for my dough
I'm surrounded by mofos
Don't be followin' me where I go

Don't know why you claim to be
Mr. Industry
What'cha done
Shut right up and stop your b! tchin'
So sad to see someone like you
Jaded through and through
Now back right up
I'm here to tell you one thing

You said I wouldn't succeed
You burned your bridge with me
And now you've gone greedy
I went top ten b! tch hate on me

I'm surrounded by mofos
People harassing me for my dough
I'm surrounded by mofos
Don't be followin' me where I go
