

Burn It Up

Cory Marks

Burn it up
Burn it up
Burn it up
Burn it up, burn it up, burn it up, up, up

Burn it up, burn it up
Live like you mean it
Burn it up, burn it up
Light the gasoline and
Burn it up, burn it up
Never be defeated
Fan the fire and feed it
Burn it up
Burn it up

I know it's hard to do everything you wanted
You've come so far to leave empty, hurt, and haunted
So strike the match
Spark the blaze
Watch it all go up in flames

Burn it up, burn it up
Live like you mean it
Burn it up, burn it up
Light the gasoline and
Burn it up, burn it up
Never be defeated
Fan the fire and feed it
Burn it up

Burn it up (Whoa)
Burn it up (Whoa)
Burn it up (Whoa)
Fan the fire and feed it
Burn it up
Burn it up

You can't turn back
It's not like it was before
Don't break, don't crack
Won't take this anymore
So strike the match
Spark the blaze
Make it all go up in flames

Burn it up, burn it up
Live like you mean it
Burn it up, burn it up
Light the gasoline and
Burn it up, burn it up
Never be defeated
Fan the fire and feed it
Burn it up
Burn it up

Burn it up, burn it up (Burn it up, burn it up)
Burn it up (Burn it up)

Light the gasoline and
Burn it up, burn it up
Never be defeated
Fan the fire and feed it
Burn it up

Burn it up (Whoa)
Burn it up (Whoa)
Burn it up (Whoa)
Fan the fire and feed it
Burn it up
Burn it up
