

# Drunk When I'm High

Cory Marks

Monday morning, nowhere to go  
Only four more days till the good times roll  
Put the ice in the cooler, it'll go down smoother  
It's Friday somewhere, let's get down to'er

Drunk when I'm high  
Watching days roll by  
Right here, right now  
Getting drunk when I'm high

Stompin' feet on the ground  
Cups up in the sky  
Watching time flying by  
Getting drunk when I'm high  
Drunk when I'm high

The hard week's over and the weekend's here  
The sun's red hot, got an ice cold beer  
Crank it up a little louder, can't wait another hour  
Light 'em up, throw 'em back  
I couldn't be more prouder

Drunk when I'm high  
Watching days roll by  
Right here, right now  
Getting drunk when I'm high

Stompin' feet on the ground  
Cups up in the sky  
Watching time flying by  
Getting drunk when I'm high  
Drunk when I'm high

Yeah, ain't nobody fightin'  
Everyone's invited  
Yeah, we all get along around here  
Go full moon crazy  
Til our words get lazy  
Raise 'em up to a hell of a year

I'm getting drunk when I'm high  
Watching days roll by  
Right here, right now  
Getting drunk when I'm high

Stompin' feet on the ground  
Cups up in the sky  
Watching time flying by  
Getting drunk

Drunk when I'm high  
Watching days roll by  
Right here, right now  
Getting drunk when I'm high

Stompin' feet on the ground  
Cups up in the sky

Watching time flying by  
Getting drunk when I'm high

Woo  
Drunk when I'm high  
Drunk when I'm high
