

# Hangman

Cory Marks

Cut me loose, set me free  
Keep your noose away from me  
I've had enough losing blood to feed your cancer

I've done my time, paid my dues  
You got me high to watch me lose  
Lesson learned, I guess you burn to find the answers

Hangman in the dust and gravel  
Hangman got my name on the gavel  
Hangman try to steal my hope  
At the end of my rope  
But I ain't gonna, ain't gonna  
Hang man, put me on trial  
Amen, hand on the bible  
Hangman try to steal my hope  
At the end of my rope  
But I ain't gonna, ain't gonna  
Hangman  
Never gonna, never gonna  
Hangman  
Never gonna, never gonna  
Hangman

I might bend, but I won't bow  
And my boots will hit the ground  
Got these burns around my neck  
But I'm still breathing

Ain't nobody gonna save me, save me  
Ain't nobody gonna shut my mouth  
Ain't nobody gonna break me, break me  
Time to cut me down

Hangman in the dust and gravel  
Hangman got my name on the gavel  
Hangman try to steal my hope  
At the end of my rope  
But I ain't gonna, ain't gonna  
Hang man, put me on trial  
Amen, hand on the bible  
Hangman try to steal my hope  
At the end of my rope  
But I ain't gonna, ain't gonna  
Hangman  
Never gonna, never gonna  
Hangman  
Never gonna, never gonna  
Hangman  
Never gonna, never gonna  
Hangman

Cut me loose, set me free  
Keep your noose away from me

Hangman in the dust and gravel  
Hangman got my name on the gavel

Hangman try to steal my hope  
At the end of my rope  
But I ain't gonna, ain't gonna  
Hang man, put me on trial  
Amen, hand on the bible  
Hangman try to steal my hope  
At the end of my rope  
But I ain't gonna, ain't gonna  
Hangman  
Never gonna, never gonna  
Hangman  
Never gonna, never gonna  
Hangman  
Never gonna, never gonna  
Hangman
