

I Rise

Cory Marks

I rise, I rise

Been putting the time in
I keep on climbin'
Ain't nobody gonna bring me down
A heavy hitter
I ain't no quitter
I'll go the distance round after round
I know it's up to me
Because if I believe, you can't stop me

I rise
Even when the sun goes down
I rise
You can never count me out

The fighter in me will never die
There ain't no give up in my eyes
I rise
I rise

This dream that I'm livin'
Ain't nothing given
I earned every diamond and this crown
The punches keep rollin'
The bruises are showin'
I know when it's time to lay the hammer down

I know it's up to me
Because if I believe, you can't stop me

I rise
Even when the sun goes down
I rise
You can never count me out

The fighter in me will never die
There ain't no give up in my eyes
I rise
I rise, I rise
I rise, I rise

This is the life that I chose
(Can't stop me)
I rise
Even when the sun goes down
I rise
You can never count me out

The fighter in me will never die
There ain't no give up in my eyes
I rise
I rise, I rise
I rise, I rise
I rise, I rise
