

Fade Away

Cory Morrow

I miss your smile, the touch of your skin
I miss your embrace, I need to feel that again
I know I've been gone a long, long time
And it's getting harder just to hold the line

Baby, I'm not gonna let you fade away
I'm just gonna love you, come what may
May the morning sun kiss the dawn
And show our love's still growing strong
Babe, I'm not gonna let you fade away

It's only been ten years since we first met
And it's hard to believe, baby, but I can't forget
We both live in a life that charms
Where everything you need is here in these arms

Baby, I'm not gonna let you fade away
I'm just gonna love you, come what may
May the morning sun kiss the dawn
And show our love's still growing strong
Babe, I'm not gonna let you fade away, no

I'm not gonna let you fade away
I'm just gonna love you, come what may
May the morning sun kiss the dawn
And show our love's still growing strong
Baby, I'm not gonna let you fade away, no

I'm not gonna let you fade away
