

# Nothing Better

Cory Morrow

I caught you winking at me  
you could tell i was easy prey  
and you had nothing better to do that day

you took my heart  
my soul, my mind  
and just enough of the man inside me  
cause you had nothin better to do that day

i should've known  
i should've seen  
i should've fallen in love  
with the music comes a voice  
and a rythm couldnt get enough  
i should've run like hell the other way  
but i had nothing better to do that day

i knew it was a foolish game  
i played along with it anyway  
and i had nothing better to do that day  
you had me strung along  
i didn't care cause it turned me on  
and i had nothin better to do that day

chorus.

i never got you off my mind  
we were fast and we made good time  
and i had nothing better to do that day  
and now i spend my time alone  
and i'm making up new love songs  
cause i got nothing better to do these days

chorus.

no, i had nothin better to do that day,  
one more time
