

Confidence

Cosmo's Midnight

Like a mystery
All I know
Confidence is key
It could be a secret
Boy you wanna keep it
Gonna keep it quiet
Cold in the silence
Oh before you go
Holding onto something
Oh before you go
I know something

Like a mystery
All I know
Oh before you go
Holding onto something
Oh before you go
I know something you don't know

You don't know
Holding onto (you don't know)
You don't know
Oh before you go
I know something you don't know
You don't know
Holding onto (you don't know)
Holding onto (you don't know)
Oh before before you go
I know something you don't know
You don't know
Holding onto (you don't know)
You don't know
Holding onto (you don't know)
You don't know
Holding onto (you don't know)
You don't know
Holding (you don't know)

Like a mystery
All I know
Confidence is key

Boy you wanna keep it
Gonna keep it quiet
Cold in the silence
Oh before you go
Holding onto something
Oh before you go
I know something you don't know
