## Cosmo's Midnight

Take a seat  
Sit back, recline and lose your mind  
Fantasy  
Distort the time in paradise

I can't sleep  
I can't eat  
I can't leave  
I can't turn off the flow

I can't sleep  
I can't eat  
I can't leave  
'Cause I'm caught in the glow

You're my all night safari  
You keep gettin' me wild  
You keep gettin' me wild  
Now with that body

My all night safari  
Keep bringin' the vibe  
Keep bringin' the vibe  
All 'bout that body

You're my all night

Joyride, we can take it slow  
Exhale, unwind, enjoy your time  
Warm nights in the afterglow  
Don't think, just feel, we come alive

I can't sleep  
I can't eat  
I can't leave  
I can't turn off the flow

I can't sleep  
I can't eat  
I can't leave  
'Cause I'm caught in the glow

You're my all night safari  
You keep gettin' me wild  
You keep gettin' me wild  
Now with that body

My all night safari  
Keep bringin' the vibe  
Keep bringin' the vibe  
All 'bout that body

You're my all night  
All night safari  
You're my all night  
All night safari

Oh my god, I can't stop, I'm too high  
Can we drive, drive, drive through the purple skies?  
Oh my god, I can't stop, blow my mind  
Can we ride, ride, ride? Cali sunset time

You're my all night safari  
You keep gettin' me wild  
You keep gettin' me wild  
Now with that body

My all night safari  
Keep bringin' the vibe  
Keep bringin' the vibe  
All 'bout that body
