

## Get To Know

### Cosmo's Midnight

I wanna say something 'bout you  
I went to but I withdrew  
I wanna make you bend like a bamboo  
Can do but I can't choose you  
Can't say what I wanted to say  
If I did then I would have  
Cause I wanna make a plan but it falls on you  
Gotta wait till you do

What's the deal though  
We can make it real; like I feel, when I see you girl  
I could make you feel as though  
You don't wanna see me go

Cause we can't hesitate  
I wanna put it on a plate  
Something 'bout your body baby  
You could be my everything

I could wait a decade or two for you  
I had two plans and they don't go through  
One hand that I never can chew  
And we can go to France and I can't ask you  
Whats the deal though?  
And I can't make you stand by me  
But I can see a timeline where by we

Maybe I was right in saying  
Night and Day and you can holla  
You the topic me the scholar  
We can be the one to make it happen  
But for now I can imagine  
I just wanna hold you once  
Be the only one you want  
I just wanna hold you once

What's the deal though  
We can make it real; like I feel, when I see you girl  
I could make you feel as though  
You don't wanna see me go

Cause we can't hesitate  
I wanna put it on a plate  
Something 'bout your body baby  
You could be my everything

Cause we can't hesitate  
I wanna put it on a plate  
Something 'bout your body baby  
You could be my everything

Cause we can't hesitate  
I wanna put it on a plate  
Something 'bout your body baby  
You could be my everything

Cause we can't hesitate

I wanna put it on a plate  
Something 'bout your body baby  
You could be my everything

Cause we can't hesitate  
I wanna put it on a plate  
Something 'bout your body baby  
You could be my everything

Cause we can't hesitate  
I wanna put it on a plate  
Something 'bout your body baby  
You could be my everything
