

Idaho

Cosmo's Midnight

I wonder how you're feeling
Do you think of me too
My thoughts running over and over
Spilling over my shoes

My mind keeps changing sides
Like an old forty-five
I keep feeling so blue
Might just start over new

Should I go? Idaho (Idaho)
It's so cold in Idaho

Touchdown got me thinking
As the wheels collide
The grass ain't always greener, baby
On the other side

My mind keeps changing sides
Like an old forty-five
I keep feeling so blue
Might just start over new

Should I go? Idaho (Idaho)
It's so cold in Idaho

Been feeling good 'cause I got it going
Gonna take a while to bring me down
Feeling good 'cause I'm young and not old

Should I go? Idaho (Idaho)
It's so cold in Idaho

Should I go? Idaho
It's so cold in Idaho
