

Unwind

Cosmo's Midnight

I caught feels, it's surreal
Yeah, I know they won't go
And it's got my mind
Unwound, untied
I caught feels, it's surreal
Yeah, I know they won't go
And it's got my mind
Unwound, untied

Count me out but don't
Go breaking my heart
In this moment, I know it
I can't get enough

I caught feels, it's surreal
Yeah, I know they won't go
And it's got my mind
Unwound, untied
I caught feels, it's surreal
Yeah, I know they won't go
And it's got my mind
Unwound, untied

Count me out but don't
Go breaking my heart
In this moment, I know it
I can't get enough
Count me out but don't
Go breaking my heart
In this moment, I know it
I can't get enough
I can't get enough

Count me out but don't
Go breaking my heart
In this moment, I know it
I can't get enough

Get enough
I can't get enough
Get enough
Get enough
Get enough
