

Shiny Is The View

Cosmo Sheldrake

We'll be hanging 'til the lights are out
We'll be running 'til the night has come
We'll be shouting 'til our time is up
We'll be loving 'til the day is done

I float on a lake in a boat
(Froze awake)
Not far from the island
(Words left dangling over)
A word on the page that you wrote
(Pan around)
A noise in the silence
(See a fist in the air)
A drop in the ocean
(It's golden)
A tree in the wind
(Frozen time)

Silent party crew
Slow, shiny is the
View

We'll be hanging 'til the lights are out
We'll be running 'til the night has come
We'll be shouting 'til our time is up
We'll be loving 'til the day is done

A goat on the mountain side
(Jump, mid-air)
A shed in the garden
(Leg and arm make a pattern)
A gap in the hedge over there
(Kiss a pout)
A fridge in the kitchen
(Longing, all in the eyes)
A hole in the pocket
(It's frozen)
The side of the road
(Golden)
Time

Float above the scene
Somewhere in between this
Dream

We'll be hanging 'til the lights are out
We'll be running 'til the night has come
We'll be shouting 'til our time is up
We'll be loving 'til the day is done

Bubbling 'round like we can
Shaking it out so we can
Wobbling 'round so we could
Jumping about like monkeys

We'll be hanging 'til the lights go out
