

Don't Got a Lotta Time

Cotton Jones

Don't got a lotta time
Don't got a lotta time
Don't got a lotta time
We came into the light
We were older than we'd ever been
Saw that kid under the bridge smoking pot pretending to fish
The grass was rolling down the rail roads
And we were standing in the river light
Then I kissed your arm
Then I kissed your arm

We don't got a lotta time
Don't got a lotta time

Don't got a lotta time
Don't got a lotta time

Don't got a lotta time
Don't got a lotta time

Don't got a lotta time
Don't got a lotta time

Don't got a lotta time
Don't got a lotta time

Don't got a lotta time
Don't got a lotta time

Don't got a lotta time
Don't got a lotta time

Don't got a lotta time
Don't got a lotta time
