

Hands on my neck, I feel kinda fucked up
Taking it all in like I've never had enough
My eyes stay dark, yeah, what's a starstruck?
I can see the light if you move like I had enough
Oui gon' take a break, yeah, give me one sec
All that shit you be spitting kinda broke my neck
I did that thing that I shouldn't do
But if you take me by the hand, you can show me what's good
Show me what's good, you can show me what's good
Show me what's good, show me what's good
Show me what's good, you can show me what's good
Show me what's good, show me what's good

I draw ropes around my neck
I draw ropes around my neck
I draw ropes around my neck
I draw ropes around my neck
I draw ropes around my neck
I draw ropes around my neck
I draw ropes around my neck
I draw ropes around my neck
I draw ropes around my neck

I draw ropes around my neck
Yeah, come closer, you seem upset
Yeah, I'll keep you in my arms
Will drop you once I'm not down
Yeah, I'm a bitch, but do I care?
Hit but miss, they want me dead
I'm a bitch, but do I care?
Hit or miss, they want me there

Hands on my neck, I feel kinda fucked up
Taking it all in like I've never had enough
My eyes stay dark, yeah, what's a starstruck?
I can see the light if you move like I had enough
Oui gon' take a break, yeah, give me one sec
All that shit you be spitting kinda broke my neck
I did that thing that I shouldn't do
But if you take me by the hand, you can show me what's good
Show me what's good, you can show me what's good
Show me what's good, show me what's good
Show me what's good, you can show me what's good
Show me what's good, show me what's good

I draw ropes around my neck
I draw ropes around my neck
I draw ropes around my neck
I draw ropes around my neck
I draw ropes around my neck
I draw ropes around my neck
I draw ropes around my neck
I draw ropes around my neck
I draw ropes around my neck
