

Ghost In You

Counting Crows

A man in my shoes runs a life
all the papers lie tonite
where falling over you
is the news of the day

ohhh angels fall like rain
and love is all of heaven away
inside you the time moves and she don't fade
the ghost in you she don't fade

the race is on i'm on your side
but carrying you my engines die
and i'm in the mood for you
oh for running away

all the stars come down in you
and love love love i can't give it away

inside you the time moves and she don't fade
the ghost in you she don't fade
inside you the time moves and she don't fade away
oh don't you know she don't fade

don't you go this makes no sense
and all hes talking superman
just take away the time just to get it away
ahhh aint it just like the rain

cause love love love love love is only heaven away
inside you the time moves and she don't fade
the ghost in you she don't fade away
inside you the time moves and she don't fade away
the ghost in you she don't fade

well a man in my shoes runs a life
all the papers lie tonite
but falling over you
is the news of the day
and love will not fade away
and love love love will not fade away
