

# Disappear

Courage My Love

So tense never tenser  
You could say I'm on the fence  
But who's that you're holding hands with?  
Looks like another night of?  
trying to keep my distance  
Feels like you're haunting this place  
I'm sick of seeing you everywhere I go

I never imagined it could ever be like this  
I keep looking over my shoulder trying to resist

You're just another stranger now  
You're just another face that's lost in the crowd  
I can't forget you, I can't forget you  
You're just another stranger now

I wish you would disappear, disappear, disappear  
I wish you would disappear, disappear, disappear  
I wish you would disappear, disappear, disappear  
I wish you would

Awkward conversation, false smile, but I'm losing patience  
I'm running out of things to say

I never imagined it could ever be like this  
I keep looking over my shoulder trying to resist

You're just another stranger now  
You're just another face that's lost in the crowd  
I can't forget you, I can't forget you  
You're just another stranger now

I wish you would disappear, disappear, disappear  
I wish you would disappear, disappear, disappear  
I wish you would disappear, disappear, disappear  
I wish you would

You're a stranger now [repeat]

You're just another stranger now  
You're just another face that's lost in the crowd  
I can't forget you, I can't forget you  
You're just another stranger now

I wish you would disappear, disappear, disappear  
I wish you would disappear, disappear, disappear  
I wish you would disappear, disappear, disappear  
I wish you would
