

## The River

Courage My Love

I can feel you pulling down on me  
Like the currents of the river  
No I can't tell you where it may lead  
I can only hope it carries me far

You told me not to fight,  
With dreams so big, there's no use  
You were almost right  
My dreams are always bigger than you

I know you'll swear that you still have faith in me  
You'll be surprised, when this river leads into the sea  
River carry me [x3]

I throw every thought into the sea  
Just to see how far they sink  
Though I know they'll all come back to me  
When this guilty tide holds them in

I can't believe I almost gave into the undertow  
Every time I fall, I get back up cause now I know

I know you'll swear that you still have faith in me  
You'll be surprised when this river leads into the sea  
(carry me away)  
River carry me

This promise I will keep  
You won't forget me easily

River carry me [x4]

I know you'll swear that you still have faith in me  
You'll be surprised where this river leads me  
I know you'll swear that you still have faith in me  
Your be surprised when this river leads into the sea  
(carry me away)  
River carry me
