

## Just Say Yes

Courtney Jaye

When the river runs dry and the oceans heave  
Oh, just say yes  
When the flood it comes and it calls on me  
Oh, just say yes  
I'm a-willing, I'm a-willing to do the deed  
Oh, just say yes  
In the name of love I work for free  
Oh, just say yes

Let it rain, let it rain, let it rain  
I will remain

When I hear the voice of the angels say  
Oh, just say yes  
Take two steps back, honey, walk this way  
Oh, just say yes  
Wanna listen, wanna listen to the songs that save  
Oh, just say yes  
Till the day I lay down in my grave  
Oh, just say yes

Let it rain, let it rain, let it rain  
I will remain

At the mercy of those hands of time  
Oh, just say yes  
Gotta wake up now or get left behind  
Oh, just say yes  
I'm a-living, I'm a-living for a better land  
Oh, just say yes  
Doesn't make sense now but she's got her plan  
Oh, just say yes

Let it rain, let it rain, let it rain  
I will remain  
Let it rain, let it rain, let it rain  
I will remain

Oh, just say yes  
Oh, just say yes  
Oh, just say yes  
Oh, just say yes
