

Love Song (For Everyone)

Courtney Jaye

It overtakes me
It levitates me
And lifts me up so high
It makes me wonder
It pulls me under
And gives me butterflies

Now I'm surrounded
Now I'm awake
I can be sure

I'm in love... with everyone
I'm in love... with everyone

Sorrow shook me
Love overlooked me
For the longest time
But the fog is lifted
The clouds have drifted
My heart is open wide

I don't know your story
I don't know your name
But I know I'm sure

I wish that I could
Tell you I would
Slow down and commit
But the world is so big
And full of life you can't hold in
And I have so much to give

Every strong and steady man
Open heart and open hands
One I think about each time
It makes me close my eyes and smile
Like a best friend or savior
One who is on his best behavior
Firecracker troublemaker
You know who you are

Every rider on the waves
Every rockstar I have saved
Every boy who loves his girl
Every person in the world
