

# I'll Do Anything

Courtney Love

Gimme your tired  
Gimme your poor, yeah  
You need to be free, yeah  
Your hungry huddled masses  
Screaming me me me  
Gimme danger  
Gimme sorrow  
Gimme heat  
Gimme grind  
Gimme, gimme empathy  
Coming, give it from behind

Woo hoo  
Throw me up against the wall  
Woo hoo  
No baby, do that again  
Woo hoo  
No baby, I'll do you cause  
You, you, you, you do anything

Gimme white boys skinny  
Gimme big black men  
Gimme ice cream on my birthday  
Gimme that again

Gimme love, love, love  
Oh, give them me, me, me  
Cause I'll do you  
Cause you'll do anything

Gimme dick  
Gimme speed  
Gimme white hot heat  
One day my prince will come but  
Man, it's just too late

Gimme one match  
So I can set myself on fire  
Oh, let 'em eat cake  
Until they all starve

Gimme one light  
That pulls down on me so hard  
Twist it like a miracle  
And blast them all to shards

Woo hoo  
Throw me up against the wall  
Woo hoo  
No baby, do that again  
Woo hoo  
No baby, I'll do you cause  
You, you, you, you do anything

Gimme white boys skinny  
Gimme big black men  
Gimme ice cream on my birthday

Gimme that again

Gimme love, love, love  
Oh, give them me, me, me  
Cause I'll do you  
Cause you'll do anything

Gimme some last solutions  
Give it to your head  
Give it to me, come on, baby  
Gimme a and pray

He's lost the show  
I've got the power to heal  
Oh, god or the Devil  
Just gimme a deal

Gimme love, love, love  
Oh, give them me, me, me  
Cause I'll do you  
Cause you'll do anything

I'm ready to die for you  
No, I'm too young to be so old

Don't scratch the car when you go  
(Woo hoo)  
(Throw me up against the wall)  
Don't slam the door when you go  
(Woo hoo)  
(No baby, do that again)  
I'll burn the sheets when you go  
(Woo hoo)  
(No baby, I'll do you cause)  
Just fuckin' go when you go when you go  
(You, you, you, you do anything)  
Just fuckin' go
