

# Miss Narcissist

Courtney Love

Miss Narcissist, come on  
Magnificent and obvious  
Bless us with your presence  
And your paranoia  
Miss Narcissist, she's the thief  
Sucks out all the energy  
Stole all my heart's fertility like a parasite  
And all she needs is

Me, me, me  
No apologies  
In the end  
Miss Narcissist, it's us versus them  
Ohh

Princess, what do you need?  
Stretch marks on your arteries  
Scars on your malignancy  
Come on, come on  
Self-obsessed, but weak  
Don't come crawling to me  
We'll throw your toxic trash out on the street

Just say

Me, me, me  
No apologies  
In the end  
Miss Narcissist, it's us versus them  
Ohh  
Versus them  
Ohh

Come on, come on  
Come on, come on  
Come on, come on  
Come on, come on

Me, me, me  
No apologies  
In the end  
Miss Narcissist, it's us versus them  
Ohh  
Versus them  
Ohh
