

Long Road Back To You

Courtney Marie Andrews

Call me when you get to Austin
When you're fillin' up at that Chevron station
Get yourself a coffee and power through
It's a long, long road back to you

Days pass, and turn into the nights
Those farms and fields fade into town lights
Dip into savings, rent yourself a room
It's a long, long road back to you

Back to you
Back to you
It's a long, long road back to you
Back to you
Back to you
It's a long, long road back to you

Front porch, Luna's humming a tune
Moon is swingin' low, can you see it too?
Clouds are rollin' in, soon they'll block the view
It's a long, long road back to you

Ten short of a ticket down to Denver
Borrowed cash and a bank cleared letter
Waiting for this check to come through
It's a long, long road back to you

Back to you
Back to you
It's a long, long road back to you
Back to you
Back to you
It's a long, long road back to you

Back to you
Back to you
It's a long, long road back to you
Back to you
Back to you
It's a long, long road back to you

(Long road back to you)
(Long road back to you)

Back to you
Back to you
It's a long, long road back to you
It's a long, long road back to you
