

Fuzzy

courtship.

Oh yeah, I feel good
Doing things I never could
Oh yeah, I must say
Wish I'd feel like this every day

Oh shit, I feel good
Doing things I never would
So sweet, it's so bad
Cause this warm fuzzy feeling won't last

Gimme one more
Butterfly kiss on my eyelids baby
Like chocolate s'mores
You're a campfire cuddle when you wanna be

When you like me I'm high as a kite
When you don't I go out of my mind
I'm a slave to your changeable mind
At least for tonight, I'll feel alright

Oh yeah, I feel good
Doing things I never could
Oh yeah, I must say
Wish I'd feel like this every day

Oh shit, I feel good
Doing things I never would
So sweet, it's so bad
Cus this warm fuzzy feeling won't last

Give me one more
Credit report on your love for me baby
Too low a score
To borrow anymore now you own me baby

When you like me I'm high as a kite
When you don't I go out of my mind
I'm a slave to your changeable mind
At least for tonight, I'll feel alright

Oh yeah, I feel good
Doing things I never could
Oh yeah, I must say
Wish I'd feel like this every day

Oh shit, I feel good
Doing things I never would
So sweet, it's so bad
Cus this warm fuzzy feeling won't last
