

## Number 1

courtship.

I don't wanna wait for you to say it  
Cause I know it, and you know it  
And there is nothing I can do to save it...  
Yeah my heart split, and you own it

I know what everybody will say  
Give it time and I'll be feeling okay  
How could you do this? How could you say  
Baby you're fun, but you'll never be number one  
Number one  
You'll never never be my one  
Number one

I don't wanna wait for you to name it  
It's called heartbreak in every language  
How many times did you fake it?  
Thought I found it, guess I didn't...

I know what everybody will say (body will say)  
Give it time and I'll be feeling okay (feeling okay)  
How could you do this? How could you say  
Baby you're fun, but you'll never be number one  
Number one  
You'll never never be my one  
Number one

I know what everybody will say (body will say)  
Give it time and I'll be feeling okay (feeling okay)

Number one

Never never be my one (be my one, number one, number one)  
I'll never be your number one
