

## Warm Waters

courtship.

I don't wanna wake up with you gone  
Before my morning yawn  
I don't wanna wake up with you gone  
I dream of warm waters  
I don't wanna wake up with you gone  
Before the morning sun  
I don't wanna wake up with you gone  
I dream of warm waters

Burn the house down  
Spend the time  
Baby, you're my sweet parasite  
This ain't love girl  
This ain't right  
Call it tonight in paradise

I don't wanna wake up with you gone  
Before my morning yawn  
I don't wanna wake up with you gone  
I dream of warm waters  
I don't wanna wake up with you gone  
Before the morning sun  
I don't wanna wake up with you gone  
I dream of warm waters  
I dream of warm waters  
I dream of warm waters

Must confess girl, I may have told a lie  
When I said that you were mine  
But I don't know who I am without you by my side  
So I pretend until the end that you're someone I like

(I dream of warm waters)

I don't wanna wake up with you gone  
Before my morning yawn  
I don't wanna wake up with you gone  
I dream of warm waters  
I don't wanna wake up with you gone  
Before the morning sun  
I don't wanna wake up with you gone  
I dream of warm waters  
I dream of warm waters  
I dream of warm waters
