

Big Fella

Cousin Stizz

Cause we comin...
Yeah
Young nigga grew into the big fella
I'm still yellin'
Yeah
Young nigga grew into the big fella...
Aye

Young nigga grew into the big fella
I'm still yellin'
Tellin' older heads
Get your shit together
Cause we coming
Young nigga grew into the big fella
I'm still yellin'
Tellin' older heads
Get your shit together
Cause we coming
Yeah
That shit's hard

The hard top came off of bro's white Jeep
So I could see why these niggas don't like me
My mans ain't charge the boy
I scrapped just to make ends
We work hard
I paid him off
He got the black Benz
I see that loyalty
My niggas royalty
That's why I'm tryna get us on an island overseas
And I ain't greedy I just want what I deserve
We was drinking in them project hallways
Smoking herb
Cause it's cold out
Talkin' bout a struggle you don't know bout
That's why it's so easy for me to get these flows out
No heat in the winter bro ain't have no lights for months
At times we felt stuck
Man we had to huddle up
Tryna get it in ma ya baby needs bucks
I ain't coming home till 1am
I gotta muscle up
Gave me what I need but I chose to hustle up
So you could see the benefits from putting trust in us
Yup

Young nigga grew into the big fella
I'm still yellin'
Tellin' older heads
Get your shit together
Cause we coming
Young nigga grew into the big fella
I'm still yellin'
Tellin' older heads
Get your shit together
Cause we coming

As the world turn
Money make the world go round
As the world turn
Money make your girl go down
Ya stock gon' rise
It ain't to my surprise
I seen this shit last ya life
So how I'm sposed to side?
If I'm so far from where I need to be
If we talkin' being on the top
Walking to the bus we was talking bout them yachts
Walking to them plays we was talking bout a drop
I lost some of my homies man
We used to talk a lot
And they ain't mention y'all when was talking bout
Hot
Real life shit
I pushed through
That's how real life get
You could do it too
I ain't even tryna hype shit
I want us all to win
I ain't ever been bias
But some people giving up before they ever really try it
There's a star in everyone it's up to you find it
We tryna touch lives
Give a fuck bout who's flyest

Young nigga grew into the big fella
I'm still yellin'
Tellin' older heads
Get your shit together
Cause we coming
Young nigga grew into the big fella
I'm still yellin'
Tellin' older heads
Get your shit together
Cause we coming

Yeah...
That's perfect...
