

## Bonds

Cousin Stizz

I don't feel no pressure  
Yeah pressure bust pipes and the pole on my dresser  
Rumors get started, you start getting blessed up  
Breaking the work down, and smoking the extra  
Bring 'em to school and I talk 'bout the work  
I feel like a professor  
Bringing to you but I don't got no vessel  
Dreaming of Teslas  
We getting fed up, my niggas aggressive  
Everyone slanging but my side the Mecca  
I'm bringing it back if the pack look defective  
Niggas get jacked when they lack with they necklace  
And that's what I question, I'm smoking the best shit  
Still 'bout progression for me and my section  
Where we like the church when we come for collection  
Niggas be talking, there's nothing to check 'em  
But let it get reckless, those sticks get the Wesson  
Watch who you screwing, look out for possessions  
Cause when you maneuver, they plotting to get you  
Niggas got Nerf guns, they big and they wet you  
Gotta move smarter, don't let 'em perplex you  
Bro bought a Prezi, cash, off of the record  
Commander-in-Chief, but ain't no election  
Whole lot of kief inside of my section  
The money important, I made my selection

And no bond is stronger than me and my money  
Ain't no bond stronger than me and my money  
No bond is stronger than me and money  
Ain't no bond stronger than me and my money  
No bond is stronger than me and my money  
Ain't no bond stronger than me and my money  
Ain't no bond stronger than me and my money  
Ain't no bond stronger than me and my money  
That's just how I like it  
That's just how I want it  
Ain't no bond stronger than me and the money  
Ain't no bond stronger than me and the money  
Ain't no bond stronger than me and my money  
Ain't no bond stronger than me and my money  
Ain't no bond stronger than me and my money  
Ain't no bond stronger than me and my money  
Ain't no bond stronger than me and my money  
No bond is stronger than me and my money

Ain't that shit funny  
I would hit you up, you won't hit me back  
Now look at you, you calling my jack  
Now that I blew, what happened to that?  
Need some new shoes, go get a new pack  
Gotta break rules to get on the map  
Thinking of views, my bitch Jimmy Choos  
All mad cause I would, I'm making it happen  
Everything fire, like Spyro the dragon  
Ain't from this side? Then I'm bagging and taxing  
Focus on rapping and less on the fashion  
I'm up on my passion and getting it brackin'  
Yeah, I would get high as Alladin

Yeah, then close my eyes and imagine  
My name ring bells from France all through Manhattan  
Your pockets lacking, ain't no use in bragging

And no bond is stronger than me and my money  
Ain't no bond stronger than me and my money  
No bond is stronger than me and money  
Ain't no bond stronger than me and my money  
No bond is stronger than me and my money  
Ain't no bond stronger than me and my money  
Ain't no bond stronger than me and my money  
That's just how I like it  
That's just how I want it  
Ain't no bond stronger than me and the money  
Ain't no bond stronger than me and the money  
Ain't no bond stronger than me and my money  
Ain't no bond stronger than me and my money  
Ain't no bond stronger than me and my money  
Ain't no bond stronger than me and my money  
Ain't no bond stronger than me and my money  
No bond is stronger than me and my money
