

# Crocodile Tears

Cousin Stizz

Yea yea  
I want diamonds big  
Crocodile tears  
My dog got the stick  
He hit you for years  
She jump on the dick  
Shit just use them heals  
Lots of foreign wheels  
Movie rollin' still  
How did you get here  
Bitch I got no fears  
I ain't come to play  
Don't make me get serious  
I want diamonds big  
Crocodile tears  
Ain't no Justin Tim  
Still cry me a riv

She say that's real  
Really really real  
Life is what you give  
I just wanna live  
I cannot forgive  
So I make 'em feel  
Ice on chandelier  
Water crystal clear  
Girl I'm tryna kill  
I ain't tryna build  
Ain't no way I can take the pussy over money that ain't no deal  
Know I slang like a broken bone when I'm swimming in it, no gills  
Now it seems like it's perfect timing when your ways be gettin' revealed

I want diamonds big  
Crocodile tears  
My dog got the stick  
He hit you for years  
She jump on the dick  
Shit just use them heals  
Lots of foreign wheels  
Movie rollin' still  
How did you get here  
Bitch I got no fears  
I ain't come to play  
Don't make me get serious  
I want diamonds big  
Crocodile tears  
Ain't no Justin Tim  
Still cry me a riv

With these stones I'm a fossil  
Been doin' this shit colossal  
Got it all of the muscle  
What ya nigga know about hustle  
We don't bend break fold or buckle  
Scale it all down you can make double  
If these snakes tell you they love you  
I only trust myself to not fumble

She bounce ass no cuddles  
And shorty so bad that she might mean trouble  
I make it rain, no puddles  
And what's in my cup help me tame my struggles  
Finna slide with that thunder  
Crumbled up blunts get me higher than a shuttle  
'Cause it will bark no muzzle  
Gotta thank God we up out of the puzzle

Yea  
I want diamonds big  
Crocodile tears  
My dog got the stick  
He hit you for years  
She jump on the dick  
Shit just use them heals  
Lots of foreign wheels  
Movie rollin' still
