

# Doubted Me

Cousin Stizz

Yeah  
You know it's still the same by any means when it comes to this game  
Hold up  
Yeah

I remember when you doubted me  
Now I'm ballin' like the lottery  
And you know I keep the loud with me  
You get higher than a cloud with me  
I be getting money usually  
I ain't coming with the foolery  
I do better when I'm doin' me  
I do better when I'm doin' me

If you say you gonna then you better do the shit  
I ain't got no time for mistakes and foolishness  
Had to put up 10 get my cousin out the pen  
And I take a part of me and I put it in the pen  
Heat up like a stove then we took this on the road  
We be stupid if we stop you see how far this shit can go  
Man as fast as we gon' get the check as fast as it can go  
But I can't listen to nobody that's gon' tell me take it slow

That's why you doubted me  
Now I'm ballin' like the lottery  
And you know I keep the loud with me  
You get higher than a cloud with me  
I be getting money usually  
I ain't coming with the foolery  
I do better when I'm doin' me  
I do better when I'm doin' me

Gotta play your hand, there's a risk to anything  
Shit be crazy when you hustle it can get you anything  
With me from the jump I won't switch for anything  
Took a L I know your pain gotta charge it to the game  
Oh no you thought that I would change  
You was better off waiting in the desert for the rain  
I'm just sayin'  
Measure the market and set up a shop  
While they be sleepin', I sit up and plot  
I had to get earn everything that I got

I remember when you doubted me  
Now I'm ballin' like the lottery  
And you know I keep the loud with me  
You get higher than a cloud with me  
I be getting money usually  
I ain't coming with the foolery  
I do better when I'm doin' me  
I do better when I'm doin' me
