

# Lethal Weapon

Cousin Stizz

Yeah, alright  
Aye  
They don't like how we be steppin'  
Strap out on the cover with my boy like Lethal Weapon  
Baby on her knees  
Aye Aye Aye

I heard these lil niggas they don't like how we be steppin'  
Strap out on the cover with my boy like Lethal Weapon  
Baby on her knees we both know I ain't a reverend  
Hustle from the streets til I mad her count blessings  
I heard these lil niggas they don't like how we be reppin'  
Strap out on the cover with my boy like Lethal Weapon  
Baby on her knees we both know I ain't a reverend  
Bounce out on the streets now I know I can't be second

Eyes always up I been focused on a better me  
Homes gotta watch how you talk what you said to me  
Ain't none of mines ever put you on a pedigree  
I can't let these niggas get ahead of me for real  
Touch down for real  
Put it on the scale now we eating lunch time for real  
We looking like a scene you out here dressed down  
Want a handout I tell you niggas bugged out  
Ain't no more opinions Snapz up on the beats  
I rather see you win through all the suffering  
I'm out with a 10 she another freak  
I'm hopin' that she loyal like she lovin' me  
Now shit so big she said she want another me  
All this give chatter give me head ain't like the bubbly  
You out with ya girls I told her bring her company  
Way things are shit'll start suddenly  
Praying cover me  
Give me head for release  
Staying sucker free, how you come up on them Gs  
Came up over east you don't even know the least  
Stings like a wasp not a bumble bee  
Still out here counting bands

I heard these lil niggas they don't like how we be steppin'  
Strap out on the cover with my boy like Lethal Weapon  
Baby on her knees we both know I ain't a reverend  
Hustle from the streets til I mad her count blessings  
I heard these lil niggas they don't like how we be reppin'  
Strap out on the cover with my boy like Lethal Weapon  
Baby on her knees we both know I ain't a reverend  
Bounce out on the streets now I know I can't be second
