

Look Both Ways

Cousin Stizz

When you jump in this shit Brody look both ways
Hopped out the interstate cause we makin' plays
For the traps and the raps and I bet they both pay
When you jump in this shit Brody look both ways
Hopped out the interstate cause we makin' plays
For the traps and the raps and I bet they both pay

When you want them hunnits can't be lazy
I can't even show up to you late
We the ones that's out here for some days
But really I was trynna make a raise and been ready to go
My bro popped his bean now we laying low
Last week told him let it go
But anything out here we gon' be ready for
Yeah blocks outside
Served an old fiend and it hurt me in my eyes
Know a bunch of bitches with this rockstar life
Goin' against the grain
That shit not our style with the fam I rely in yeah

Aye

When you jump in this shit Brody look both ways
Hopped out the interstate cause we makin' plays
For the traps and the raps and I bet they both pay
Yeah
When you jump in this shit Brody look both ways
Hopped out the interstate cause we makin' plays
For the traps and the raps and I bet they both pay

All that envy you don't even know
I was trynna tell you what it is before
These niggas gonna hate cause you was getting more
But when you down ain't nobody with you
But now your pocket thicker
So now they wanna spit you
And that's the main issue
4, 5, 6 trynna make the gang winners
If they play we rain missiles yeah
Foreign outside
Crawling like a spider nothing new nothing like it
Heard we on the radio when I was outside
Kept it on the low we stuffing p's in garages smoke z's of exotic

Brody when you jump off that porch better look both ways
Hopped out the interstate cause we makin' plays
For the traps and the raps and I bet they both pay
Yeah
When you jump in this shit Brody look both ways
Hopped out the interstate cause we makin' plays
For the traps and the raps and I bet they both pay
