Got it with my dog so we gon' break bands
Put it on the scale and then I break grams
Ridin' wit the mob my niggas made, man
Ya ya ya ya ya [x2]

You already know wassup wit' us
Put you on and you'll probably get some bucks with us
I was low when they didn't wanna fuck with us
When you down but you up in the handout
The world turn watchu gon' do to stand out
Money ran out shit ain't goin how I planned now
Stay focused and watch all of it pan out
Ya ya ya ya ya ya

Ridin with my dawg and we got great strands
Came along way from the made grands
Got it with my dog so we gon' break bands
Put it on the scale and then I break grams
Ridin wit the mob my niggas made, man
Ya ya ya ya ya
Got it with my dog so we gon' break bands
Put it on the scale and then I break grams
Ridin wit the mob my niggas made mans

Ay
I be doin' yo bae
We ain't doin no dates
I still do it for my apes
My bro's did it on a case
Rather they still play it safe, popping out late
On the road like touring dates, so much change
One thing that I know about my name, it hold weight
Put me on the ring side, I'm money made
Everywhere I go man them hoes all the same
Shorty if you know what I know you won't change
Water on me like a lake, dis ice skate
Water on me like a lake

Got it with my dog so we gon' break bands
Put it on the scale and then I break grams
Ridin wit the mob my niggas made, man
Ya ya ya ya ya [x2]
