

No Ice

Cousin Stizz

Hennessey straight no Gretzky
Hoping these lame won't catch me
Riding through the wave no jetski
Riding through the wave no jetski
Hennessey straight no Gretzky
Hoping these lame won't catch me
Riding through the wave no jetski
Riding through the wave no jetski

Stizzy pop up stuntin'
Stizzy really came from nothin'
Even though it felt like strugglin'
Nigga that was grade A hustlin'
I ain't really into cuffin'
You gon' have to pay up front then
We are not the same as these guys
We know everyday you bluffing
Do it all the same on rewind
Hid my plays in Levi
Made my pack grow 3 size
Now I roll dank bout knee high
Curly hair thick heels knee high
Gonna ride the dick like yeehaww
Used to rock filas
Now I'm in the first class kiosk
Hoping Lil bro can see us

Hennessey straight no Gretzky
Hoping these lame won't catch me
Riding through the wave no jetski
Riding through the wave no jetski
Hennessey straight no Gretzky
Hoping these lame won't catch me
Riding through the wave no jetski
Riding through the wave no jetski
No jetski, ridin through the wave no jetski

You gonna drown tryna ride the wave
Niggas be lost never find a way
Me and the money cooperate
I'm from the mud like a soccer game
These day I limit the conversation
All I know stick to the operation
She brought her friend and they tired of waitin'
Take care of me like obligation
We only fuck ain't no altercations
I don't do business with complications
Member my stomach was starve and aching
I'm with plug talkin' combinations
Don't ever think I need nominations

Hennessey straight no Gretzky
Hoping these lame won't catch me
Riding through the wave no jetski
Riding through the wave no jetski
Hennessey straight no Gretzky
Hoping these lame won't catch me

Riding through the wave no jetski
Riding through the wave no jetski
Hennessy straight no Gretzky
Hoping these lame won't catch me
Riding through the wave no jetski
Riding through the wave no jetski
Hennessy straight no Gretzky
Hoping these lame won't catch me
Riding through the wave no jetski
