I done been told I couldn't do it
Told I need improvement
Told I need to prove it
I done had bros who we was there
Switch on me instead
Was it for the bread?
I was sellin' dubs and sippin' lean
Started from a dream
I was 16
Now I put the gold around my neck
Only talk about a check
But the shit I don't forget

I'ma break the record like Guinness
Paper keep spinnin'
This is big boy business
Watch out
I'ma break the record like Guinness
Paper keep spinnin'
This is big boy business
Watch out
I'ma break the record like Guinness
Paper keep spinnin'
This is big boy business
Watch out
Watch out

Gucci's on my feet
Louie's on my feet
Raf on my feet
Put you on your feet
Pray my niggas eat
[?] set for life
He like Memphis Bleek
Tryna stay out of the streets
Been in the stu' for some weeks
Hollywood Hills in a beat
I'ma miss out if I sleep
'Member we packed up and hit the road?
Then it felt like we'd be never old
Those are some lessons I never told

Play my hand first and I never fold

I'ma break the record like Guinness
Paper keep spinnin'
This is big boy business
Watch out
I'ma break the record like Guinness
Paper keep spinnin'
This is big boy business
Watch out
I'ma break the record like Guinness
Paper keep spinnin'
This is big boy business
