

Screwed Up

Cousin Stizz

She say she like my style say she like my smile
She fell in love with Stizzy know I'm living wild
And I ain't seen these broke haters in a while
I'm busy rocking crowds and really high on loud
My brother's really on that Imma hold it down
If you ain't know me then, then you don't know me now
I lost some of my hommies and that make me frown
So this one for my niggas, this one for my town

So where your competition at? They not around
Cause I don't see nobody I'm the coldest out
I go up in the party ain't no turning down
And my first hand to hand I swear it turn me out
Ay
Call me over later when he's not around
I get up in that pussy make you scream and shout
You gotta weather storms to hustle through the drought
You struggle? Well me too you know what this about

She say she like my style say she like my smile
She fell in love with Stizzy know I'm living wild
And I ain't seen these broke haters in a while
I'm busy rocking crowds and really high on loud
My brother's really on that Imma hold it down
If you ain't know me then then you don't know me now
I lost some of my hommies and that make me frown
So this one for my niggas, this one for my town

Shit I learned all my lessons early in the park
So I ain't like these niggas we light years apart
Been tryna fill my pockets and I fill the heart
But all this God damn mojo got her takin' photos
She tryna get my dough bro but I'm not a bozo
Some niggas die for pussy but I'm not monolo
I do this for my mama but I never go home
I got it on my own I don't need your promo
You said you was there from the jump, yeah I know
Point me to the money anywhere and I'll go
Working all year I can't keep my eyes closed
If there's a way I gotta make it out
Ay

Say she like my style say she like my smile
She fell in love with Stizzy know I'm living wild
And I ain't seen these broke haters in a while
I'm busy rockin' crowds and really high on loud
My brother's really on that I just hold it down
If you ain't know me then, then you don't know me now
I lost some of my hommies and that make me frown
So this one for my city, this one for my town
