Cousin Stizz

Ayy

They killed my patience, they on my back, woah
No limitations, drinking, I act up
They don't know shit about me
I got the Midas Touch, nigga
They don't know shit about me
I got the Midas Touch, nigga
Take no vacations, I need a backrub
Whippin' the States, yeah, hit you when I'm back, woah
They don't know shit about me
I got the Midas Touch, nigga
They don't know shit about me
I got the, I got the

Different timezones in Paris, had to fly out on you
Money going way too fast, when it come back, need a good view
Lights out but I stay up with it, all the boy know is go get it
Far from so-so, don't call me so-so, don't call me so-so

Nah, they ain't like me, never BS
Ride 'round rap like Adidas
She wanted peach margaritas
But I bought the 'Yac and the reefer
Who said it's easy to keep up?
I can't put my feet up
When I had them holes in my sneakers
My ice water water now
Still mixin' fly with the juices
Still got my body out of order
My bitch rock Dior and shit, I gotta keep me some money
Inside my pocket, keep more of it
Chances was more than slim
All that the boy know is go and get
Never let go when you're holding it
Tension was more than thick
How come you want me to starve?
When you know I go to war for it
I'll drop it all on a hit
Niggas knock your noodle off
You get hot, on some porridge shit
Buzz like to all the stars and beyond
Leave the stu' at like 5 in the morn'
Had your boo on the line all along
She ain't tell you? She mine all along
Hit the work like a block or a pick-up
It ain't surprise me at all when it pick up
They don't like it at all when you get up
So it ain't surprise me at all when they switch up

Different timezones in Paris, had to fly out on you
Money going way too fast, when it come back, need a good view
Lights out but I stay up with it, all the boy know is go get it
Far from so-so, don't call me so-so, don't call me so-so

Woke up, I'm feeling fantastic
Good pussy right next to me in the sheets, yeah

Meditation got me active
We can zoom past it, that's just so to speak
Guys in that Chinese shit juke like it's Madden
Not charismatic, they ho pretty steep
Niggas is gas more than bitches these days
I'm surprised how they be switching these days
Back in your city, what's happenin'?
Bitch, go and tell your friends what we do
That's between me and you
She got a bag, cashing out
Same thing, nothing new
Ooh, she little Betty Boo
And you ain't even 22, yeah (22)
That's amazing ('Mazing)
She leveled up quicker than the boy (Than the)
Kept it true, we check up like Nike for the sport
Roll some vegetable (Ayy)
What it do? Hit me when you bored (When you)
You bored, ayy (When you)

Different timezones in Paris, had to fly out on you
Money going way too fast, when it come back, need a good view
Lights out but I stay up with it, all the boy know is go get it
Far from so-so, don't call me so-so, don't call me so-so
