

# The Store

Cousin Stizz

What you need from the store  
What you need I'm the boy  
What you need I got it for  
Bring it back, plus more  
She gon' call up my line  
'Cause she know she want more  
She gon' call up my line  
'Cause she know she want more  
What you need from the store  
What you need I'm the boy  
What you need I got it for  
Bring it back, plus more  
She gon' call up my line  
'Cause she know she want more  
She gon' call up my line  
'Cause she know she want more

Cause she know she want more  
Work in my pants eating salmon off shore  
Got all my bands up when I was off tour  
I got them grams that you gotta hunt for  
In the hills like Rushmore  
Might sprain my wrist cause I gotta stunt more  
Might make my bitch get a bitch I want more  
Might drink the fifth off the Xanax oh boy

What you need from the store  
What you need I'm the boy  
What you need I got it for  
Bring it back, plus more  
She gon' call up my line  
'Cause she know she want more  
She gon' call up my line  
'Cause she know she want more  
What you need from the store  
What you need I'm the boy  
What you need I got it for  
Bring it back, plus more  
She gon' call up my line  
'Cause she know she want more  
She gon' call up my line  
'Cause she know she want more

Get in ya bag and keep going  
I take the dice and I roll em  
Most of my niggas are holdin  
Most of these niggas be posing  
Save the reup and be patient  
All of my beverages tainted  
If you want less than a whole thang  
I'm putting yo ass on the wait list  
I treat the girl like a hoe  
You treat the bitch like she was sacred  
Fucked the girl while she was taken  
But she couldn't even take it  
I flourished they thought I was faking  
With three hoes and they all naked

And I smell like a Jamaican  
Yuh

What you need from the store  
What you need I'm the boy  
What you need I got it for  
Bring it back, plus more  
She gon' call up my line  
'Cause she know she want more  
She gon' call up my line  
'Cause she know she want more  
What you need from the store  
What you need I'm the boy  
What you need I got it for  
Bring it back, plus more  
She gon' call up my line  
'Cause she know she want more  
She gon' call up my line  
'Cause she know she want more
