

# Up To Something

Cousin Stizz

How it feel to fly way above the eagles?  
Black girl on the white, she got jungle fever  
From what it's lookin' like must to be ya  
Red all in the seats they think we some demons  
I'm up to somethin', yeah, I'm up to somethin'  
I'm up to somethin', yeah, I'm up to somethin'  
I'm up to somethin', yeah, I'm up to somethin'  
I'm up to somethin', yeah, I'm up to somethin'

Bro just picked me said it's goin down  
Dirty in my cup all the hoes in town  
Say they makin' noise but don't got no sound  
Know I'm gettin' change when you not around  
Niggas be tryna save face but I'm tryna save up the count  
You know that  
First moved back to my moms place, I had to sleep on the couch  
Didn't just land in first place I had to figure it out  
Kenny he always believed when I first told him the dream he seen what I'm 'b  
out

Came from the same place the dirt was  
I used to serve it and purp up  
I see the scale like a first love  
I keeps it real since the first one  
We treat the beef like filet Minot  
Only trust niggas from where I'm from  
I'm always coppin' the better one  
Dior her shoe bottom red as rum  
Feds be on alert gotta lay low  
RIP my dogs on a halo  
I will not stop gettin' bankroll  
Cause they don't want me on the payroll  
Look inside my bag there's a bag in it  
I fuck on two dykes at a time  
I know she a dime she want me to make her wifey but I really don't got the t  
ime
