(Paidro on the beat)

Way back when, sold the grams out the house
Bro trapped up, got the pound by the couch
Keep a eye peeled for the feds unannounced
Homicide, drugs, money, sex, what you 'bout?

Fiends where I lived, I was in the haunted house
Out for the first time, barely hold the count
Do it for the fam, not the money or the clout

She was yours, she went, she bowed (Yeah)
Niggas talkin' foreign, they ain't mean what they about (Yeah,

Every time we get it, make a hater nigga pout
Cross the line, lil' hitter take you out
Eye to the fuck shit crawlin', it don't make a sound (Yeah)
Leno that's my brother, held me down when I was down
Niggas hands ain't dirty, they ain't get it from the ground (Ye

Think I said sex, money, drugs got me out

Way back when, sold the grams out the house
Bro trapped up, got the pound by the couch
Keep a eye peeled for the feds unannounced
Homicide, drugs, money, sex, what you 'bout?
