Unforgiven

Covenant

I think you are not my friend I think you are not on my side I think I was far to blind I think I made a mistake

You try to sneak behind my back But trust cannot be stolen Friendship must be earned, and affection's not for sale I know you want respect But contempt is all you get from me We are forever unforgiven

You call me a traitor But you are a snake An eye for an eye And a tooth for a tooth You call me a traitor But you are a snake An eye for an eye And a tooth for a tooth

I think you are in too deep I think you are not what you seem I think I have been a fool I think I should take more care

You try to sneak behind my back But trust cannot be stolen Friendship must be earned, and affection's not for sale I know you want respect But contempt is all you get from me We are forever unforgiven
