

## Dance Floor Romance

Cowboy Troy

With the lights down low, and the music high  
He pulls her a little closer, don't she smell nice?  
And they shuffle around to a slow dance  
It's a dance floor romance

And as they two-step around that floor  
They don't seem to care anymore  
Her heart's on the mend  
He might stand a chance  
On this dance floor romance

She said, "I'll see ya next time, I gotta go  
My heart's a little cracked, can we please take it slow?"

He said, "Well, just take our time before we take a chance  
On our dance floor romance"

And as they two-step around that floor  
They don't seem to care anymore  
Her heart's on the mend  
They might take a chance  
On this dance floor romance  
Her heart's on the mend  
She might take a chance  
On this dance floor romance
